TO WHOM IT MAY CONCERN

The Presbyterian Church in New South Wales has used the project management services of Mr George Abraham on various projects since 2006.

The projects George and his organisation have managed for us include:

- Building of a new residential aged care building
- Several renovations and fit outs of residential aged care facilities
- First contact for major maintenance issues and advice

These projects have ranged in cost from several thousand dollars to thirteen million dollars.

George and his organisation have always provided excellent advice and service to our organisation and the advice to our organisation has always been timely and accurate.
